In the stillness of dawn, where the first light kisses
the petals of blooming lotuses, Meghdoot brings you '**RUMI BLOSSOM**'
~ a collection that mirrors the poetry of nature in full bloom.

Inspired by the delicate beauty of a lotus emerging from the water,
these sarees are crafted from luxurious double cloth organza,
adorned with shimmering zari work, and embellished with vibrant
digital prints of gorgeous flowers. 'Rumi Blossom' captures
the essence of nature's grace, weaving it into every fold, allowing
you to drape yourself in the beauty of a blooming paradise.
