SUMMARY

Ambitious college freshman pursuing Bachelor of Computer Application(BCA) at SSMRV Degree College, with a keen interest in applying theoretical knowledge to real-world challenges. Eager to gain practical experience in the corporate sector, showcasing strong problem-solving and analytical skills.

TECHNICAL SKILLS

Database basics

SQL

Basic database queries

Office Tools

Microsoft word

Excel

Data Analytics

Python

Power BI

EXPERIENCE

Python(AI/ML) Intern, Dotch Endeavours

Explored new datasets for potential use cases in ML projects.

Conducted research on various ML techniques and libraries

Machine Learning Intern, Princeton Smart Engineer

Analyzed data and used algorithms to ensure the system functioned effectively.

Gained experience with Python, Jupyter notebook and other tools.

Data Analytics Intern, Unified Mentor

Worked with large datasets to clean, preprocess and extract meaningful insights.

Gained experience with tools like Python, SQL, and machine learning libraries such as pandas, scikit-learn.

CERTIFICATIONS

AI for Beginners - HP Life

Advanced Diploma in Data Centre Architecture - SSMRV

Completed 30 hours of Soft Skills training by SSMRV in association with Evolve

ACHIEVEMENTS

Participated in a guest lecture on "Mobile Computing" by SSMRV

Participated in the Enlightened Masterclass Series - Season 2: Pilot and Pinnacle in the Field of Cyber Security, organized by SSMRV in collaboration with ISDC and Robert Gordon University, UK.

EDUCATION

Bachelor of Computer Applications (expected 2025)

SSMRV College, Bangalore

Bengaluru City University

STRENGTHS

Time Management

Ability to prioritize tasks effectively and meet deadlines efficiently.

Responsibility

Committed to completing tasks with diligence and accountability.
